

# THINGS OUR SELLERS SAY

My family has just completed our seventh real estate transaction with Amy and Kristin and cannot say enough about the service that they provide. They are organized, knowledgeable, caring and thorough. They operate with integrity and are focused on a positive outcome for their clients. I would never enter into another transaction without Amy and Kristin by my side.

Kristin and Amy listed my house and everything was so well done. Right away, they created a virtual tour and a drone flyover. All my many questions were answered quickly. Their work was superb! I highly recommend them for any property transaction. Wonderful team! You can't go wrong.

Amy and Kristin were a dream team for me. I had to do a complete remodel long distance and they worked very hard to help me with everything. Words alone cannot fully explain how grateful I am for all of their knowledge and professionalism. Thank you very much!

# THINGS OUR SELLERS SAY

Kristin & Amy went above and beyond for my family. They made sure I was informed throughout the process and made selling my Family home easy. It was especially great having someone on my side that felt like a friend. They created an environment where I felt safe asking any questions, even those that felt silly at the time! Thank you Kristin & Amy! You are the perfect balance of professional and human kindness!

Amy and Kristin were the very best of any Realtors I have ever worked with. They were extremely helpful explaining all the steps one must do to sell a property in California. They worked with our Realtor in Arizona to make the purchase and move smooth and organized. I can't say enough, these two gals are fantastic!
